

Sprint PCS®

Sprint PCS Activations Training

CDROM & Shockwave

Online training manual converted to Interactive shockwave and cdrom based training. Designed in Photoshop, Illustrator and Dimensions, Authored in Director.

New Hire Orientation Training CDROM

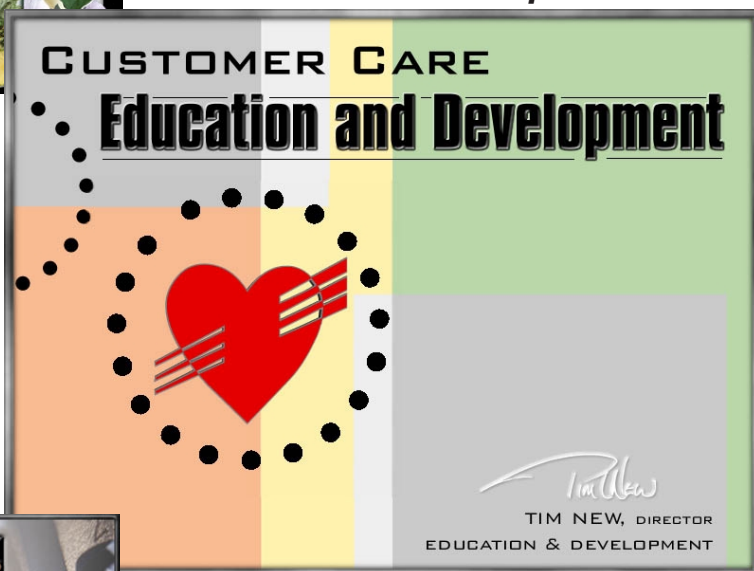

New hire orientation cdrom was developed for new employees and possible candidates for new hire. Designed in Photoshop, Illustrator and Authored in Director.

Sprint Hawaii Poster

Sprint Hawaii was designed for display and advertisement purposes. The newly opened call center in Hawaii was presented with this poster and assorted promotional materials.

Education & Development CDROM

Customer Care Education and Development CDROM was created for the director of education and development as an annual presentation to Sprint and Sprint PCS executives. Developed in Photoshop, Illustrator, Animation compiled in After effects and Authored in Director.

Voicemail Interactive CDROM

Sprint PCS voicemail interactive was created for advocates and customer service representatives to better familiarize them with voicemail and related features. Developed in Photoshop, Illustrator, and Authored in Director.

Sprint PCS Intranet

Sprint PCS intranet was designed to replace existing intranet, with key features like: speed, accuracy, wealth of information and efficiency as the top priority. With full page graphics less than 50k, Sprint PCS intranet is excellent example of quality web design.
